The foreign language courses are not aligned with National Skills Qualification Framework (NSQF) which is mandatory for the skill courses to be run under the government scheme, PMKVY. Hence, the University Grant Commission (UGC) had requested English and Foreign Language University (ELFU), Hyderabad, a Govt and only Central University for Foreign languages, to prepare model syllabi for foreign language courses and submit to the NCVET for NSQF alignment and approval. ## **5. AGENDA ITEM NO 5: RE-ALIGNMENT AND RATIONALIZATION OF NSQF LEVEL & NOTIONAL HOURS OF NSQF ALIGNED AND APPROVED QUALIFICATIONS FOR IMPLEMENTATION IN SCHOOL EDUCATION**

5.1 NEP 2020 provisions integration of vocational education with the general education to make vocational education aspirational thus adding another step towards making India the Skill Capital of the world. NCVET, accordingly has made policies for smooth integration of vocational education into general education (both at school education as well as higher education level).

5.2 PSSCIVE has been designated as the nodal agency by the Department of School Education and Learning (DoSEL) which in consultation with the concerned Awarding Body will select already NSQF aligned and approved qualifications hosted by NCVET on the National Qualifications Register (NQR) Website after carrying out necessary tweaking and submit it before NSQC. These qualifications will thereafter run in schools under the Samagra Shiksha Abhiyaan.

5.3 Some of the awarding bodies/sector skill councils have approached the NCVET regarding difficulties in implementing their NSQF aligned and approved qualification under the Samagra Shiksha Abhiyan as the standardised NSQF norms set for a particular qualification sometimes does not fit into the school time table to enable some of the most popular qualifications to be run in schools due to the restricted number of hours which can be assigned to a particular vocational qualification in the school. For example, over a period of two years from class 10th to class 12th, 400 hours have been assigned by the DoSEL/PSSCIVE to the vocational subject, thereby making a large number of qualifications from being unimplementable in the schools.

5.4 Keeping in view that only those qualifications which are of NSQF level 4 and below are applicable for implementation under the school education system, amongst them those which have notional hours of more than 400 hours, may be revised/rationalised up to 400 hours to suit the requirement of the school system and for running them under the Samagra Shiksha Abhiyaan. However, to bring parity between the trainees doing such courses in schools vis-a-vis various accredited and affiliated Training Centers of the respective Awarding Bodies, the level of such qualifications being run in the schools under Samagra Shiksha may have to be brought down by 0.5. The students having acquired such qualifications under Samagra Shiksha and desirous of pursuing these job roles as their career in future, will have to undergo upskilling to be able to come up to the NSQF level which has been assigned to that original qualification.

***The agenda is placed for kind perusal and approval of the Committee***

**6. AGENDA ITEM NO 06: PROPOSAL FOR WITHDRAWAL OF NSQF ALIGNED AND APPROVED QUALIFICATIONS**

6.1 **SPEEFL-SC:** The qualification ‘**Lifeguard-Open Water**’ was approved in the 15th NSQC meeting held on 27<sup>th</sup> January 2022. SPEFL-SC subsequently submitted a written request to re-visit the aforementioned qualification with regard to its assigned NSQF Level. An online meeting was held with the SPEEFL-SC and it was explained to them that once the qualification has been approved, subsequent changes in the same NSQF aligned and approved qualification can only be done through the NSQC. Accordingly, The AB had submitted a written communication request to withdraw the said approved qualification and has since been withdrawn by them through the process streamlined for the withdrawal of such NSQF aligned and approved qualification on file with the permission of the Chairperson, NSQC.

***The proposal is placed before the Committee for information and ratification.***

6.2 **SCPwD:** The qualification ‘**Goods packaging Machine Operator**’LD was approved in the 18<sup>th</sup> NSQC meeting held on 28<sup>th</sup> April 2022. The awarding body has communicated vide mail that the said qualification was designed for speech and hearing impairment (**SHI**) disability and erroneously reflected as **locomotor disability**. The NCVET has accordingly scrutinized the qualification and found that the notional hours were not aligned to the specification as set for the **SHI**. Hence the qualification is proposed to be withdrawn from the national qualification register (NQR). SCPwD has resubmitted the qualification duly aligned for SHI disability.

***The proposal is placed before the Committee for kind consideration and approval.***

**7. AGENDA ITEM NO 07: DEACTIVATION OF 41 QUALIFICATIONS OF ELECTRONICS SECTOR SKILL COUNCIL OF INDIA & 03 QUALIFICATIONS OF TELECOM SECTOR SKILL COUNCIL**

7.1 In continuation of the audit of the NSQF aligned and approved qualifications reflected on National Qualification Register (NQR) Electronics Sector Skill Council has submitted 41 qualifications and Telecom SSC has submitted 03 qualifications for deactivation as they have not been able to conduct the requisite number of training on all these 41 qualifications.

7.2 Further, as the deactivation of qualification is an ongoing and continuous process, it is proposed that as and when the request from the Awarding Bodies are received for deactivation/archiving of the NSQF aligned and approved qualifications, the same shall be examined and processed on file and subsequently ratified in the upcoming NSQC. Details are attached at **Annexure IV**.

***The Agenda is placed before the Committee for information and approval.***

**8. AGENDA ITEM NO 08: RATIFICATION OF TWO QUALIFICATIONS SUBMITTED BY NIELET**

NIELET had submitted two (2) qualifications namely '**O Level**' (IT) and '**A Level**' (IT) for the 2<sup>nd</sup> NSQC held on 22.09.2020. Both the qualifications were approved by the Committee. However, after the revised standardized NSQF norms approved vide 16<sup>th</sup> NSQC and issued in the ecosystem, NIELIT has revised/rationalized these qualifications by carrying out changes in the entry requirements, NSQF level and notional hours (i.e. multiples of 30) as per the new norms and had resubmitted to the NCVET with a request for according urgent approval. The said two were approved on file as per the policy by the Chairperson, NSQC. Details are attached as **Annexure V**
