**1. AGENDA ITEM 01: CONFIRMATION OF THE MINUTES OF THE 24<sup>th</sup> MEETING OF THE NATIONAL SKILL QUALIFICATION COMMITTEE (NSQC) HELD ON 17<sup>th</sup> NOVEMBER 2022**

1.1. Minutes of the 24<sup>th</sup> Meeting of NSQC held on 17<sup>th</sup> November 2022 were circulated.

1.2. There were certain editorial changes as reported by the concerned Awarding Body which have been incorporated and the revised minutes have been uploaded on the NCVET website. The details are mentioned below:

In Annexure VI (**List of Qualifications placed for alignment and approved in the 24<sup>th</sup> NSQC Meeting**) of the previous NSQC minutes, **for** two Qualifications of Automotive Skill Development Council namely, 'Automotive Open System Architecture (AUTOSAR) Engineer' and 'Automotive Unified Diagnostic Engineer', NSQF levels were erroneously mentioned 3 instead of 6. The levels for both the Qualifications have been rectified as 6.

**The Minutes with above corrections are placed for confirmation by the Committee.**

**2. AGENDA ITEM 02: ACTION TAKEN REPORT ON THE DECISIONS TAKEN IN THE MEETINGS OF THE NSQC**

2.1. Decisions taken in the 24<sup>th</sup> Meeting of NSQC

S. No	Subject Matter pertains to	Decision of NSQC	Action Taken
a)	<b>NASSCOM Sector Skill Council</b>	A Qualification named 'Programmer' was: a) Conditionally Approved, subject to submission of 30 industry validations b) Nomenclature to be changed as "Software Programmer"	NASSCOM has met the compliance
b)	Safety and Skill Foundation (SSDF)	The Committee had advised NCVET to convene a meeting with the SSDF and CSDCI and carry out the comparative analysis of already existing NSQF aligned and approved qualifications of CSDCI to obviate any duplication of	Accordingly, a meeting was convened at NCVET on 23 December 2022 wherein the CEOs of both the awarding bodies were present. The contents of both the qualifications were analysed in detail and it was found

		qualifications in the skill ecosystem.	that both the qualifications almost had the same content. Hence it has been decided that the two qualifications, Trainee Scaffolder (level 2) and Basic Scaffolder (level 3) submitted by SSDF may not be approved as fresh qualifications. However, if SSDF desires to run these two qualifications they may adopt the existing two NSQF aligned and approved qualifications of CSDCI as per the Adoption Guidelines and may carry out 20% modifications to meet the industry demand.
c)	Sri Vishwakarma Skill University (SVSU):	An Awarding Body SVSU had submitted two qualifications named 'Mushroom Producer' (Small Farm) and 'Yoga Skill Trainer' for NSQC approval. Some of the Awarding Bodies had given their observations in the meeting about the overlapping nature of the qualifications. The content of these qualifications was subsequently compared with the existing qualifications and substantial overlap was observed. Therefore, NSQC had suggested that there is a need for specific guidelines on such overlapping qualifications. These qualifications will be considered for approval after the guidelines are laid down in this regard to ensure that there is no substantial overlapping or duplication of the qualifications.	A mail has been sent for a meeting on analysis of the mentioned qualifications to SVSU, BWSSC & ASCI. A meeting on the same has been scheduled on 11 <sup>th</sup> January 2023. Guidelines on overlapping qualifications as advised by NSQC are under development at NCVET.

***The agenda is placed for information and approval of the Committee***
