6. AGENDA ITEM 06: Additional Agenda with the permission of the Chair

6.1 Proposal for NSQF alignment and approval of qualifications and certification of Participants at various levels in the run-up to the World Skills Competition

6.1.1 The Committee was apprised that NSDC, under the aegis of MSDE, conducts the India Skills Competition, on the basis of the qualifications for the WorldSkills competition. IndiaSkills is country's biggest skill competition and is designed to demonstrate the highest standards of skilling and offers a platform to young people to showcase their talent at national and international levels. Further, the participants of India Skills Nationals emerge from winners of district/state and subsequently pre-national level competitions which are organised by NSDC. The winners of national skills competition, through the process of selection, represent India at WorldSkills and other international competitions.

6.1.2 The competition is conducted under **61 (52+ 09) trades/skills/ job roles**. **52 trades/skills/ job roles** have been specified in **six sectors as specified by the WorldSkills**, namely **Construction and Building Technology**, **Creative Arts and Fashion**, **Information and Communication Technology, Manufacturing and Engineering Technology, Social and Personal Services, Transportation and Logistics. In addition, under Special/Exhibition Skills nine (09) traditional and new skills** have also been included in the competition till India Skills . The detailed skills (job roles) in each sector is attached as **Annexure I.** The committee was also informed that standards for all the qualifications mentioned in the **Annexure I** are well established and published as per the international standards. The standards are set every year with certain percentage of change.

6.1.3 The committee **accorded 'In principle' approval** to the proposal and **advised the following:**

a) Recognised ABs (SSCs) of the concerned sectors to adopt WorldSkills standards including the nomenclature of skills NOS and weightage and prepare these qualifications as per the National Skills Qualification Framework and submit before the National skills Qualification Committee (NSQC) for consideration of NSQF alignment and approval by the committee **by 18 November 2023** on **Top Priority.**

b) Concurrently, owing to the peculiarities of training and assessment of the participants for preparing them in run-up to the World skills event, a combined **ToT and ToA**

qualifications of the six sectors as per para 2 above may also be developed by the respective recognised ABs(SSCs) and brought before the NSQC for NSQF alignment and approval.

c) As the content of these skills (qualifications/job roles) are revised periodically for the WorldSkills competition, the **validity of these skills (qualifications), may be only for two years/ as per the WorldSkills competition cycle whichever is earlier.**

d) The requirement of **industry validation and line ministry concurrence** for these skills may be **waived off.**

6.1.4 Keeping in view that at the pre-screening stage, assessment of the skill proficiency of the participants who register themselves directly on the Skill India Digital portal managed by NSDC, on behalf of MSDE, would be difficult owing to the large numbers, hence as the participants go through various phases of screening through assessments, they may be given NCVET approved certificate after clearing the prescribed assessment at various levels. Further, the learning outcomes/competency being achieved from the said qualifications being the same, it was decided by the committee that to distinguish the participants clearing the various phases of the competition, the award of certificates at each level would be given as follows:

a) At the Pre-Screening assessment, participants clearing the assessment as per prescribed norms may be given an '**India Skills competition eligibility'** certificate.

b) At the state Competitions/Track 2 Competition Phase, participants qualifying the prescribed assessment may be given NCVET approved certificate duly suffixed with '**India Skills- State Level'** for the Skills qualification individual has successfully cleared the prescribed assessment.

c) At the Pre-National Competition Phase participants qualifying the prescribed assessment may be given NCVET approved certificate duly suffixed with '**India Skills Pre-national'** for the Skills qualification individual successfully cleared the prescribed   assessment.
Finally at the national level – participants may be given NSQC approved Certificate duly suffixed with '**India Skills**-**National'** for the Skills qualification in which the successfully cleared the prescribed assessment.

6.1.5 The committee further advised that the assessment process to be adopted will be through formative assessment in the form of competition. The state government may carry out the assessment through the industry experts or may take the assistance from the recognized assessment agencies on boarded by the concerned sector skill councils who have originally developed the respective qualifications. In either case, it would be mandatory to give an orientation capsule on the assessment norms prescribed in the NSQC approved and NSQF aligned skills qualifications.

6.1.6 It was informed by the NSDC that they have also introduced a wild card entry from this year for the world skills competition. The eligibility criteria for such entry have been given as all those participants who had secured first three positions in the competition held at national level for the last world skills competition in their respective skills and could not secure a position in the world skills competition and are still within the prescribed age limit, may register themselves under the wild card category and they would be assessed directly at the national level assessment.

6.1.7 Further NSDC has also proposed that five **trades/skills/ job roles namely, welding, industrial control, robot system integration, additive manufacturing and industry 4.0 be transferred to ASDC on the basis of industry connect and subject matter expertise.**

The Committee deliberated on the proposal of NSDC and approved for the implementation. The committee also advised that NSDC may frame a working Guidelines on the process of certification of IndiaSkills participants at each level of competition in consultation with concerned ABs (SSCs), get these guidelines approved by NCVET in respect of the NSQF aligned and approved Qualification and communicate to all the states with due approval of the Ministry of Skill Development and Entrepreneurship, MSDE

6.2 Submission of New/ revised/ rationalized qualifications by the recognized Awarding Bodies to NCVET for NSQF alignment and approval

6.2.1 The Committee was given a brief background of the Revised National Skills Qualifications Framework (NSQF), which has been notified on 6ᵗʰ June 2023. Accordingly, the Committee in its previous meetings has time and again asked all the recognized Awarding Bodies to rationalize their approved qualifications with the inclusion of ES and making NOSs multiples of 30 hours, as applicable, in order to align with the National Credit Framework so that every learning hour is creditized in consonance with the provisions of NCrF.

6.2.2 The Committee was further apprised that NCVET has recently upgraded the National Qualification Register (NQR) portal, which is currently live with the new enhancements and functionalities. In addition, the data migration from the old portal to the new one is under progress. Considering the challenges associated with the formats of the already uploaded files on NQR, the Committee was apprised that to enable timely migration of the pending data and to facilitate improved navigation, all the Awarding Bodies have been advised to submit the new, revised and rationalized qualifications in the following format.
   a. Industry validation as per the existing format
   b. Line Ministry concurrence
   c. Evidence of need
   d. Occupational Map
   e. Photograph of each qualification in JPG format (not exceeding 50 KB)
   f. NOS Table in excel format (enclosed as Annexure VII)

The committee directed all the NCVET recognized awarding bodies to submit their qualifications in the specified format as illustrated above. The Committee requested all the concerned CEOs of the recognized Awarding Bodies to personally check their respective qualifications in collaboration with the concerned NCVET officials and provide a confirmation regarding the correctness of the same.
