3.1. The Committee was apprised of the recent developments regarding the National Qualification Register (NQR) portal, which serves as a centralized repository for all qualifications aligned with the National Skills Qualification Framework (NSQF). It was noted that these qualifications have a standard approval validity of three years, after which they are subject to review.

3.2. The committee was apprised that, NCVET has outlined the following criteria for the archival of qualifications:

a) The validity of the qualification has expired, and the concerned awarding body has not taken up the same for revision.
b) Qualifications from non-NCVET recognized awarding bodies
c) Inactive qualifications (no training for over a year)
d) Qualifications which have not been rationalised as per the National Credit Framework (NCrF) and revised National Skills Qualification Framework (NSQF).
e) NCVET recognised awarding body has requested for deactivation/archiving of their qualifications.
f) Qualifications which have no content (i.e. trainers handbook and participant handbook) available even after 90 days of NSQC approval.

Since archival is a continuous process, **1,437 additional qualifications** have been identified for archival, which includes **643 qualifications whose validity has either expired or the qualifications have been requested by the concerned AB for archival** and **794 are those which are valid but do not have content available.** To determine the number of qualifications having no content, NCVET had asked the recognized Awarding

Bodies to submit an undertaking indicating details of qualifications having content along with their list of qualifications where content is under development. So far 46 have submitted the required undertaking.

3.4. The Committee acknowledged the archival status and approved the **archival of 643 qualifications** that have either expired or have been requested by the ABs for archival. The details are at **Annexure III.**

AGENDA ITEM 07: Selection of Qualification from NQR Portal/SIDH by Stakeholders (NCVET Recognised Awarding Bodies/Training Partners/Training Centres) for Training of Learners on any Government Scheme/ Fee Based Schemes

7.1.   The Committee was briefed that NCVET has been receiving requests from recognised Awarding Bodies, Ministries and States executing skill training regarding certification of qualifications which have been deactivated/archived due to various reasons like expiry of validity, revision/rationalization of qualification etc.

7.2.   In most of the cases, the concerned Awarding Body is approached for assessment and certification only after State/Ministry has already selected the qualification and commenced the training, irrespective of its validity.

7.3.   This often results in, compromising the minimum quality standard set by the NCVET in ensuring the development of competency of the learners in that job role as well as improper record keeping on SIDH. In certain cases, this has also resulted in avoidable legal complications with the learners facing the maximum impact.

7.4.   All such cases received so far in NCVET, were analysed and deliberated, and it is proposed that all concerned be sensitised to ensure adherence of the policy published by NCVET after due deliberation with the stakeholders. Any non-compliance of the policy may result in suitable action prescribed by NCVET.

7.5.   In view of the above, following are proposed before the Committee:

7.5.1. **Selection of Job Roles/Qualification from NQR Portal/Skill India Digital Hub (SIDH):** All NSQF aligned Job roles/qualifications being selected by any organisation including TP/TC accredited on SIDH, should select the same from NQR Portal which should also be visible on the SIDH Portal. In case of any data discrepancy w.r.t

eligibility/validity/NSQF level/Notional Hours/ Credit, the credentials available on NQR portal shall be considered as authentic and final. Additionally, in such cases NCVET may be communicated for resolving discrepancy, if any.

7.5.2. **Validity of selected NSQF aligned Job Role/Qualification:** No NSQF aligned job role should be taken for the vocational training whose validity is less than a year/has expired and archived, including for any govt schemes. However, where felt necessary, NCVET may be approached for extension of the validity or for revision of qualification 'On Priority' before commencement of the training.

7.5.3. **Process for selection of archived job role/qualification:** Any NSQF aligned Qualification which has a validity of more than a year but has been archived on account of no training may be selected for training, subject to prior intimation to the developer AB and approval of the NSQC to activate the archived qualification.

AGENDA ITEM 08: Submission of Qualifications for NSQF Alignment & Approval

Of these, **103** Qualification/NOSs/MC were meeting the criteria for consideration in NSQC and **121** Qualifications/NOS/MC (87 Qualifications, 21 NOSs and 13 MCs) had compliance issue. However, **73** of these 103 qualifications/NOSs/MCs were placed for consideration in the NSQC.
